		needs.									
NY4-16	Refine and complete high level architecture diagram	As a developer, I need to define a high level architecture diagram such that the flow of the software is clearly defined and socialized throughout the team.	Joseph Indriolo	Joseph Indriolo	TO DO	11/Jun/25	30/Jun/25			2	Sprint 1
NY4-15	Begin developing code for resume parser	As a developer, I want to have a resume parser that will extract keywords from a given resume, used to train the needed models. AC: Finish training model on training dataset.	Sarah Wierzbicki	Sarah Wierzbicki	DONE	11/Jun/25	02/Jul/25			2	Sprint 1
NY4-14	Install needed frameworks on EC2 Instance	As a developer, I need to install the needed frameworks and technologies on the EC2 Instance such that we can host a back and front end on the machine. AC: Align with the team on what technologies are needed on The ec2 instance to support the application. Install the identified technologies on the machines. Possible Technologies: Python NVM NodeJS Apache	Joseph Indriolo	Joseph Indriolo	IN REVIEW	11/Jun/25	30/Jun/25			2	Sprint 1
NY4-13	Provision and Deploy Amazon EC2 Instance	As a developer, I need to provision an amazon EC2 instance such that we can deploy the front and back end to it. AC: Have a provisioned EC2	Joseph Indriolo	Joseph Indriolo	DONE	11/Jun/25	30/Jun/25			2	Sprint 1

Key	Summary	Description	Assignee	Reporter	Status	Created	Updated	Comments	Due	Story point estimate	Sprint
		Instance ready for use.									
NY4-12	Identify the color scheme and design aspects of the frontend	<p>As a user, I want to feel like the site is modern and interactive, not outdated with old looking UIs or boring colors/designs</p> <p>AC: Document and determine our brand identity, set component base. Align on frontend design patterns. Implement basic component structure. Basic template of Card and Resume Component.</p>	Bushra, Ms. Anika	Eric Lantz	IN PROGRESS	11/Jun/25	04/Jul/25			2	Sprint 1
NY4-11	Identify and install any additional react libraries needed for the frontend	<p>As a developer, I need to see if there is any specific react libraries that would benefit our app, such as ones for swiping or cards.</p> <p>AC: Document a list of additional libraries that may be needed for ResuMind, share with team.</p>	Eric Lantz	Eric Lantz	DONE	11/Jun/25	30/Jun/25	1 comment		1	Sprint 1
NY4-10	Create react app for frontend development	<p>As a developer, I want to create the file hierarchy needed for our frontend development</p> <p>AC: Have file structure created, running react app in local.</p>	Eric Lantz	Eric Lantz	DONE	11/Jun/25	02/Jul/25	1 comment		3	Sprint 1
NY4-54	Create job matching module		Unassigned	Sarah Wierzbicki	TO DO	30/Jun/25	30/Jun/25				
NY4-53	Create text pre-processing module		Unassigned	Sarah Wierzbicki	TO DO	30/Jun/25	30/Jun/25				
NY4-51	Design ERD Database Diagram for ResuMind DB Capabilities		Joseph Indriolo	Joseph Indriolo	TO DO	28/Jun/25	28/Jun/25				

Key	Summary	Description	Assignee	Reporter	Status	Created	Updated	Comments	Due	Story point estimate	Sprint
NY4-49	Deploy ML model to docker		Unassigned	Sarah Wierzbicki	TO DO	26/Jun/25	26/Jun/25				
NY4-48	Cross browser testing	As a frontend developer, I want to ensure that the site works across different browsers like Chrome and Safari	Bushra, Ms. Anika	Bushra, Ms. Anika	TO DO	23/Jun/25	23/Jun/25				
NY4-47	Test form inputs	As a frontend developer, I want to ensure that forms are submitted successfully on the site.	Bushra, Ms. Anika	Bushra, Ms. Anika	TO DO	23/Jun/25	23/Jun/25				
NY4-45	Define UI Theme	As a frontend developer, I want to apply a consistent theme across our site so that all components share a coherent look.	Bushra, Ms. Anika	Bushra, Ms. Anika	TO DO	23/Jun/25	23/Jun/25				
NY4-44	Create visual style guide	As a frontend developer, I want to document all of the aesthetics for colors/typography used to ensure organization	Bushra, Ms. Anika	Bushra, Ms. Anika	TO DO	23/Jun/25	23/Jun/25				
NY4-42	Create topic model for job matching		Unassigned	Sarah Wierzbicki	TO DO	20/Jun/25	20/Jun/25				
NY4-41	Create function to extract text from pdf/docs files		Unassigned	Sarah Wierzbicki	TO DO	19/Jun/25	19/Jun/25				
NY4-40	Verify backend to frontend connection works		Unassigned	Sarah Wierzbicki	TO DO	19/Jun/25	26/Jun/25				
NY4-39	Create end of possible swiping list item	As a user, I want to see a message if there are no more jobs to swipe through, so that I know when I've reached the end.	Eric Lantz	Eric Lantz	TO DO	19/Jun/25	29/Jun/25				
NY4-38	Create swipe card ability using npm library	As a user, I want to see an animation as I each swipe, so that I receive feedback that my action was successful.	Eric Lantz	Eric Lantz	TO DO	19/Jun/25	29/Jun/25				

Key	Summary	Description	Assignee	Reporter	Status	Created	Updated	Comments	Due	Story point estimate	Sprint
NY4-37	Ability to add tags to job postings	As a user, I want to mark jobs as "applied," "interviewing," or "not yet applied," so that I can track my job search progress.	Unassigned	Eric Lantz	TO DO	19/Jun/25	19/Jun/25				
NY4-36	Create Undo last action option	As a user, I want to undo my last swipe, so that I can recover a job if I swiped by mistake.	Unassigned	Eric Lantz	TO DO	19/Jun/25	19/Jun/25				
NY4-33	Create props for each part of the job application card		Unassigned	Eric Lantz	TO DO	19/Jun/25	19/Jun/25				
NY4-32	Create right swiped job posting list	As a user, I want each saved job to have a detailed view page, so that I can read the full job description and see application instructions.	Eric Lantz	Eric Lantz	TO DO	19/Jun/25	29/Jun/25				
NY4-29	Research Deployment Methods	As a developer we need to determine the best way to deploy the ML model such that it can be used by our frontend. AC: Documented findings on how backend ML model can be deployed to ec2 instance.	Unassigned	Joseph Indriolo	TO DO	11/Jun/25	11/Jun/25			1	
NY4-27	Team Processes & Documentation		Unassigned	Joseph Indriolo	TO DO	11/Jun/25	11/Jun/25				
NY4-26	BACKEND - ML Model		Unassigned	Joseph Indriolo	TO DO	11/Jun/25	11/Jun/25				
NY4-25	FRONTEND - UI Development		Unassigned	Joseph Indriolo	TO DO	11/Jun/25	11/Jun/25				
NY4-24	INFRA - Set up Software Infrastructure		Unassigned	Joseph Indriolo	TO DO	11/Jun/25	11/Jun/25				
NY4-19	Create test cases sheet	As a developer, I want to make sure all critical functionality is working as intended, and tracked for sprint end deliverables.	Unassigned	Sarah Wierzbicki	TO DO	11/Jun/25	11/Jun/25			2
